# Theology and Ministry 2010

## Certificate III

30885 QLD

## Are you interested?

This form tells you about the studies that you can do when you come to Nungalinya College in Darwin for the rest of 2010.

- Decide what you want to do about studies this year.
- Talk to your church leaders and get permission to come to Darwin for two weeks at a time.
- Maybe you have to talk to your family and people at work to get time off to do your studies.
- Look at the timetable on the next page and tick the times that you want to come.
- Send this form back to the College.

**Some** students who did the old Certificate III in Theology can get credit, so they don't have to do those units again in the new Certificate III in Theology and Ministry.

Students who want to do Certificate III units need to be able to read and write in English. People who can't read and write much in English should enrol in our IVEC Bible course.

**Money:** The first time you come in, bring \$100. That will be for the whole year. After that you don't have to pay any more for 2010 studies at Nungalinya College.

All students have to do some training and practice some skills back home. This will be assessed also.

In this new **Certificate III in Theology and Ministry** there are 16 core modules and 11 elective modules. Students who want to gain this Certificate III must be competent in all 16 core modules, and 4 or 5 elective modules. Students can apply for RPL from the old Certificate III.

**Please tick next to the dates you want to come to Nungalinya College.**
